

## Thierry Dubois

Thierry Dubois was Chairman of the Managing Board of the Saujon Spa Group until 2014. Since then, he is Chairman of the Group's Supervisory Board. The group includes a 150-bed psychiatric clinic, a spa specializing in psychosomatic disorders, and a wellness centre.

He has been President of the CNETH for 10 years. The CNETH is the French professional association that groups together all the 110 French thermal baths.

Since 2016 Thierry Dubois is the President of the European Spas Association. ESPA brings together 20 European countries and maintains relations about development of medical spas with number of countries such as China, the United States, Russia, Ukraine, Belarus, Georgia, Thailand, Japan.

He is also the Vice-President of AFRETh, which is the association for thermal research, which published 16 clinical trials in international English-language journals with high impact factor. Thierry Dubois is also Vice-President of the French Thermal and Climatic Federation, which brings together all the associations linked to balneotherapy.
